Professional Summary

B.Tech Computer Science & Engineering (AI/ML) student with a strong interest in Software Engineering, Artificial Intelligence, and Machine Learning. Hands-on experience developing full-stack web applications. Strong understanding of Data Structures and Algorithms, and core computer science fundamentals. Passionate about solving real-world problems through scalable software and intelligent systems, with a focus on continuously improving problem-solving, development, and AI/ML engineering skills.

Education

Brainware University

July, 2028

B.Tech in Computer Science & Engineering (AI/ML)

Related Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Artificial Intelligence, Machine Learning, and Web Development.

CGPA: 9.33 in Last Semester

Bhanderhati BM Institution

2024

Higher Secondary

Marks: 71.6%

Moheshpur High School

2022

Secondary

Marks: 86.86%

Relevant Experience

Future Interns

Sep 2026 - Oct 2026

Full Stack Developer Intern

- Gained practical experience in full-stack web development and modern web technologies.
- Strengthened problem-solving, debugging, API integration, database management, and real-world software development skills.
- Improved understanding of software development workflows, project implementation, and writing maintainable code through hands-on tasks.

Projects

A full-stack MERN web application for discovering, listing, and managing short-term and long-term stays, travel experiences, and vacation rentals.

HodoPhilic

- Features: User authentication, listing creation and management, reviews & ratings, image uploads, location-based maps, and responsive property browsing.
- Tech Stack: MongoDB, Express.js, React.js, Node.js, REST APIs, JavaScript, HTML, CSS, and Bootstrap.

Skills

- Programming:** C, Java, Python, JavaScript, Data Structures & Algorithms, Object-Oriented Programming.
- Web & Database:** HTML5, CSS3, Bootstrap, React.js, Node.js, Express.js, REST APIs, MySQL, MongoDB.
- Tools & AI/ML:** Git, GitHub, AI/ML, Machine Learning, Core Computer Science Fundamentals.
